

Abco Safety has over 30 years' experience in industrial safety products. Their growth and position in the safety market allows Abco to supply some of the largest companies in the U.S. and Canada and remain flexible enough to support safety programs for any size business.

Abco serves customers in the manufacturing, construction, environmental, food service, and retail sectors of business helping them coordinate their overall safety program and budget.

North American Steel Alliance is excited to introduce Abco Safety as our Community's newest operational supplier with a unique link accessing our own online **NASA Safety Supply Store** www.NasaSafetySupply.com . Creating our own market place inside the Abco system will allow our operational partner to deliver the following:

Our Online Safety Store will help you manage your safety purchases and streamline your ordering process.

- Customer Specific Product Selection
- Negotiated Contract Pricing
- Real Time Online Ordering
- Product Search By Key Word or Part Number
- State of the Art Security
- Password Protected
- Manage Purchases Across Multiple Locations
- Purchase Approval Process
- Purchase Amount Thresholds
- Ability to Choose Multiple Shipping Locations and Billing Locations
- Emailed Order Notifications and Confirmations

Abco Safety will also pay a 4% rebate on purchases through NASASafetySupply.com

For any of your safety and industrial product needs, go to your custom Safety Web Site at: www.NasaSafetySupply.com

Contact Abco Safety at **800.852.1032** for any questions or to set up a User Name and Password.

Since 1987, Abco has built a tradition based on customers' complete satisfaction. NASA companies can rely on Abco Safety and their dedicated NASA Account Management team to prove this with every order. Everyone at Abco is committed to offering NASA companies the best in safety equipment and related supplies, along with superior customer service.
