

January 2017, Shred-it is the successor company to manage NASA member companies' document management needs: Shred-it is the preferred shredding vendor for NASA members.

NASA companies knew them before as "Cintas Document Shredding", and in 2014 they merged with Shred-it. You've heard a lot of names, but they are still the same great company, committed to your security.

Working with Shred-it, NASA member companies and suppliers will benefit from a highly cost-effective security program which will:

- provide solutions for document and hard drive destruction
- increase the security of your confidential material
- reduce the time and effort you spend on security solutions
- improve your environmental sustainability
- provide you with legislative knowledge & experience

Established in 1988, Shred-it—a division of Stericycle—was one of the first paper shredding companies in the world, and today they have grown to be a global leader, providing secure information destruction service to over 400,000 customers in 170 markets, in 18 different countries.
