

FOR IMMEDIATE RELEASE

CHICAGO – February 1, 2022 – [North American Steel Alliance](#) (NASA) announces the addition of our newest Operational Supplier, Bahco to the Co-op as of February 1st, 2022.

[Bahco](#) offers bi-metal bandsaw blades: Suitable for most cutting tasks, including fast, efficient contour cutting, tubes and profiles, foundry and production cutting, these long life blades are the clear choice where cost per cut, safety, productivity and environmental aspects need to be considered. Carbide bandsaw blades: High performance backing steel and carbide grades yield premium band sawing results in a wide variety of applications. Ideal for cutting difficult and abrasive materials, or when working with large, hard-to-cut pieces. Inventor of the set carbide blade Bahco leads the innovation of carbide bandsaw blades.

“The Bahco Team is extremely excited about becoming partners in business with the North American Steel Alliance and are looking forward to networking, sharing best practices and bringing value to the Members of the organization”. Charles Yates - Executive Account Manager
